15 September 2009

- Qcom Joins Leading Professional Outsourcing Association
- 

Qcom, a technical outsourcing company working across the UK and EMEA, has joined the National Outsourcing Association (NOA), one of the leading associations working within the outsourcing industry.

Membership of the NOA extends across the UK and international companies and includes both suppliers and users. Its remit is mainly focused on promoting best practice in the sector.

“The NOA is one of the leading industry voices in the application and development of innovation within outsourcing and I’m delighted we’re part of it,” says Neil Anderson, MD of Qcom.

“I’m wanted our company to be associated with an organisation that helps support best practice through the sharing of ideas and information on market developments to its members. I believe this offers a substantive benefit to Qcom and our customers by supporting continued improvements to our products and services.”

For more information on Qcom’s outsourced technical services, visit [www.qcom.co.uk](http://www.qcom.co.uk).
