

# qcom update

*Providing maintenance and technical services for Auto ID equipment, thermal printers, scanners, IT systems, and generic technology products across Europe.*

## Wireless solutions can be simple with Qcom on your team...

Selling Radio Frequency (RF) solutions and wireless equipment has never been easier, thanks to a full range of technical support services from Qcom.

Whether you are developing full site solutions or simply selling handheld devices and printers, Qcom can support you from beginning to end with:

- Full RF site surveys (including AirMagnet if specified);
- Wireless equipment installation and configuration;
- Post-installation coverage checks;
- Whole-of-life technical support and maintenance.

And all delivered with the familiar Qcom promise - technical excellence, customer focus and a 100% non-compete guarantee from the No.1 channel-only Auto ID technical support partner.

### STOP PRESS – NOW ACCREDITED FOR PRINTRONIX & AVERY TOO

**PRINTRONIX**  
GLOBAL PRINTING...ENABLED.

Qcom's range of manufacturer affiliations has grown again. Recent deals with Printronix and Avery\_Dennison mean that Qcom is now fully accredited by the widest range of major Auto ID equipment manufacturers.

Accreditation means more than just a plaque on the wall at Qcom. To us, and to our customers throughout Britain and Ireland, it represents the highest levels of technical expertise and customer service available.

So when you're selecting technical support and maintenance for your equipment, don't forget to make sure that your supplier is accredited by the manufacturer.
